

## Children's Play Lottery funding

### The Children's Play Lottery funding supported Derby's Play Strategy's vision,

'To provide and promote inclusive play for all children and young people by giving them high quality play opportunities which will benefit them throughout their lives.'

Ref	Project Outcomes
1	11,000 children and young people will have increased their self confidence and self esteem through taking part in a wider range of traditional and innovative play opportunities, by March 2011.
2	11,000 children and young people will have taken part in a wider range of traditional and innovative play opportunities, by January 2011.
3	1,100 children and young people with disabilities or additional needs, from Black Minority Ethnic groups, including asylum seekers and refugees, or disadvantaged groups and those from areas of high deprivation, will have enjoyed greater access to play opportunities and developed their play skills, by January 2011.
4	1,100 children and young people with disabilities or additional needs will have enjoyed a better quality of life through improved and more accessible play opportunities, by January 2011.
5	8,000 children and young people will have increased their fitness levels and will have taken part in adventurous and challenging play opportunities by January 2011
