

SRB 6 funding

SRB6 sought to address the issues of high levels of serious crime and anti-social behaviour and the underlying factors of poor area image and environment and long-term unemployment. Four key themes were identified as local priorities:

1. Reducing crime and drug abuse.
2. Improving the employability of local people.
3. Supporting and promoting local business.
4. Developing community involvement and leadership

Projects developed within this funding stream supported and tackled the local priorities successfully.
