

Children & Young People's Shadow Board
16th July 2007

- Focus of the meeting was to continue with the theme of creating positive images of young people in Derby City
- Marsha Ramroop from the BBC is leading on a project called *Up Close and Personal*. Andrew Auld told us about this project and asked us to come up with ideas of things we felt passionate about where we could film having our say.
- Some of our ideas were:
 1. **FILM ABOUT BEING A YOUNG CARER**
 2. **NOT ALL YOUNG PEOPLE ARE DRUNKEN LOUITS**
Show some of the activities youths are involved in regularly.
 3. **BLIND AIDES SPORT**
Show positive inclusive activities
 4. **KICK GROUP**
Kids in Care Kontrol
We are a group who are either in foster care or residential care.
 5. **PRAYZIN SQUAD**
A Video about our youth group and to advertise the activities that we do there.
 6. **DERWENT ALLIANCE**
How has Derwent Alliance improved things in the area
 7. **QUALITY OF SKATE PARKS IN DERBY**
Town Skateboarding – Why are they there?
 8. **ACCESS FOR DISABLE YOUNG PEOPLE**
Lack of opportunities

- We also discussed our 3 key subjects
 1. Discrimination - racism, bullying
 2. Activities - not knowing about sporting activities, not having inclusive sporting activities
 3. Teenage Pressures - exam stress, peer pressure, home life

We were asked what it means to us, to focus on one key issue, what we could change and what others could change. We will present this information to you on our open day in November.

- The next shadow board date will now be on Monday 17th September but will now be at Derby Dance.
